

California Interagency Council on Homelessness

Homeless Housing, Assistance and Prevention Round 3 Application

Application Information

This Cognito platform is the submission portal for the Cal ICH HHAP-3 Application. You will be required to upload a full copy of the HHAP-3 Data Tables Template *and* enter information into the portal from specific parts of the HHAP-3 Local Homelessness Action Plan and Application Template as outlined below.

Please review the following HHAP-3 resources prior to beginning this application:

- [HHAP-3 Notice of Funding Availability \(NOFA\)](#)
- [HHAP-3 Local Homelessness Action Plan & Application Template](#) and
- [HHAP-3 Data Tables Template](#)

Application Submission for HHAP-3 Funding

Using the [HHAP-3 Local Homelessness Action Plan & Application Template](#) as a guide, applicants must provide the following information in the applicable form section (see *How to Navigate this Form*) to submit a complete application for HHAP-3 funding:

1. **Part I: Landscape Analysis of Needs, Demographics, And Funding:** the information required in this section will be provided in Tables 1, 2, and 3 of the HHAP-3 Data Tables Template file uploaded in the *Document Upload* section.
2. **Part II: Outcome Goals and Strategies for Achieving Those Goals:** the information required in this section will be provided in Tables 4 and 5 of the HHAP-3 Data Tables Template file uploaded in the *Document Upload* section, **AND** copy and pasted into the fields in the *Outcome Goals and Strategies* section of this application form.
3. **Part III: Narrative Responses:** the information required in this section will be provided by entering the responses to the narrative questions within the *Narrative Responses* section of this application form. Applicants are **NOT** required to upload a separate document with the responses to these narrative questions, though applicants may do so if they wish. The responses entered into this Cognito form will be considered the official responses to the required narrative questions.
4. **Part IV: HHAP-3 Funding Plans:** the information required in this section will be provided in Tables

6, 7 (as applicable), and 8 of the HHAP-3 Data Tables Template file uploaded in the *Document Upload* section.

5. **Evidence of meeting the requirement to agendize the information in Parts I and II at a meeting of the governing board** will be provided as a file upload in the *Document Upload* section.

How to Navigate this Form

This application form is divided into **five sections**. The actions you must take within each section are described below.

- **Applicant Information:** In this section, indicate (1) whether you will be submitting an individual or joint application, (2) list the eligible applicant jurisdiction(s), and (3) provide information about the Administrative Entity.
- **Document Upload:** In this section, upload (1) the completed HHAP-3 Data Tables Template as an Excel file, (2) evidence of meeting the requirement to agendize the local homelessness action plan and outcome goals at a regular meeting of the governing board where public comments may be received, and (3) any other supporting documentation you may wish to provide to support your application.
- **Outcome Goals and Strategies:** In this section, copy and paste your responses from Tables 4 and 5 of the completed HHAP-3 Data Tables Template.
- **Narrative Responses:** In this section, enter your responses from Part III of the HHAP-3 Local Homelessness Action Plan & Application Template.
- **Certification:** In this section, certify that the information is accurate and submit the application.

Prior to the submission deadline, you can save your progress in this application and come back to it later by clicking the save button. This will provide you with a link to the saved application, and there will be an option to email that link to the email address(es) of your choosing.

After submitting the application, you will not be able to make changes to your responses unless directed by Cal ICH staff.

I have reviewed the HHAP-3 NOFA and application template documents

Yes

I am a representative from an eligible CoC, Large City, and/or County

Yes

Applicant Information

List the eligible applicant(s) submitting this application for HHAP-3 funding below and check the corresponding box to indicate whether the applicant(s) is/are applying individually or jointly.

Eligible Applicant(s) and Individual or Joint Designation

Joint

This application represents the joint application for HHAP-3 funding on behalf of the following eligible applicant jurisdictions:

Joint Applicants Selection

Eligible Jurisdiction 1

Eligible Applicant Name

CA-524 Yuba City & County/Sutter County CoC

Eligible Jurisdiction 2

Eligible Applicant Name

Sutter County

Eligible Jurisdiction 3

Eligible Applicant Name

Yuba County

Click + Add Eligible Jurisdiction above to add additional joint applicants as needed.

Administrative Entity Information

Funds awarded based on this application will be administered by the following Administrative Entity:

Administrative Entity

Sutter Yuba Homeless Consortium

Contact Person

Johnny Burke

Title

Director

Contact Person Phone Number

SYHC Local Homeless Action Plan Agenda 6.23.22.pdf

Narrative Responses

Copy and paste your responses to Part III. Narrative Responses from the [HHAP-3 Local Homelessness Action Plan & Application Template](#) into the form below.

Question 1

A demonstration of how the jurisdiction has coordinated, and will continue to coordinate, with other jurisdictions, including the specific role of each applicant in relation to other applicants in the region.

Question 1 Response

Sutter and Yuba Counties can provide a robust range of services to persons experiencing homelessness through strong regional collaboration and coordination efforts. These efforts help leverage the strengths and resources of each county to serve individuals experiencing homelessness more effectively.

Sutter Yuba Homeless Consortium

- The Bi-County region's Continuum of Care (CA-524), responsible for conducting the annual Point-in-Time Count, Coordinated Entry, and other U.S. Department of Housing and Urban Development (HUD) regulated activities
- Membership includes representatives from community-based organizations, non-profits, government, school districts, law enforcement, and faith-based organizations

Government Affairs Committee

In 2020, this group, consisting of elected officials from each jurisdiction, was established as the Government Affairs Committee of the Sutter Yuba Homeless Consortium. It was preceded by the former Bi-County Homeless Services Team, which was originally established in 2017 to address homelessness in the region. This Committee works to devise, propose, conduct, evaluate, and administer public social services programs, capital, and revitalization programs serving people experiencing homelessness. The Government Affairs Committee includes membership from each jurisdiction in the region, including Sutter County, Yuba County, Yuba City, Marysville, Wheatland, and Live Oak. The committee works across these jurisdictions to promote mirrored activities and initiatives for preventing and ending homelessness across the region. Elected officials and staff from the jurisdictions work together to share emerging practices and to implement regional approaches to addressing homelessness.

Yuba-Sutter Coordinated Entry Program

- Established to serve as the physical entry point in both Sutter County and Yuba County for accessing homeless services. This is where an individual's various needs and vulnerabilities are assessed and prioritized.
- Embedded in the region's two homeless day centers operated by Hands of Hope (local nonprofit) These two locations are easily accessible and operate Monday through Friday, 9:00 – 5:30
- One-stop centers located in both counties (Life Building Center in Marysville, Hands of Hope in Yuba City), with daily activities supported by nearly two dozen other non-profit organizations.

Question 2

A demonstration of the applicant's partnership with, or plans to use funding to increase partnership with:

- Local health care and managed care plans
- Public health systems

- Behavioral health
- Social services
- Justice entities
- People with lived experiences of homelessness
- Other (workforce system, services for older adults and people with disabilities, Child Welfare, education system)

Question 2 Response

Sutter and Yuba Counties have been working to develop best practices and strategies for the compassionate enforcement of regulations to protect the health and safety of persons residing in homeless encampments along the river bottoms. Yuba County worked with the legal community and local jurisdictions to determine the best approach for the resolution and closure of various homeless encampments located on private property and city-owned property around the perimeter of Marysville. Working closely with the city, the county decided to take code enforcement actions, based on the health and environmental dangers that were present on the properties where the homeless encampments existed. Code enforcement actions took place over the course of several months, and only after services for people experiencing homelessness had been established through the 14Forward program, and emergency shelter program operated by Yuba County Health and Human Services.

Sutter County used 14Forward as a model for Better Way as it seeks to create transitional housing before it undertakes enforcement of camping ordinances. As in Yuba County, the enforcement of these ordinances is primarily to protect the health and safety of those experiencing homelessness who are residing in encampments and to better connect them to housing and services. Code and ordinance enforcement activities in Yuba and Sutter Counties do not criminalize those residing in encampments; instead, individuals receive outreach and connections to temporary shelter, service options, and support to help put them on the path to permanent housing.

Sutter Yuba Homeless Consortium (Coc)

The Sutter Yuba Homeless Consortium (SYHC) is the region's Continuum of Care (CoC) and is responsible for conducting the annual Point-In-Time Count, Coordinated Entry, and other HUD regulated activities. Representatives from SYHC attend the Government Affairs Committee to ensure that the two bodies are aligned to the greatest extent possible. SYHC is the administrative entity for Federal and State funding.

Housing And Homeless Service Providers

Representatives from nonprofits from across the Bi-County region– including Habitat for Humanity, The Salvation Army, Casa de Esperanza, Hands of Hope, and many others – have been integrally involved in the regional strategic planning process. Staff from many of these agencies are involved in committees that evaluate and work to improve the homeless services delivery system in Yuba Sutter. Additional housing and homeless service partners in this effort include Regional Emergency Shelter Team (REST), Bridges to Housing, the United Way, and FREED Center for Independent Living.

Health and Human Services Departments

Yuba County and Sutter County Health and Human Services, including Sutter-Yuba Behavioral Health and Sutter County and Yuba County Public Health, and have been vital partners in creating a regional approach to addressing homelessness among persons with health and behavioral health issues. These agencies are involved in the regional Coordinated Entry process, provide outreach to the entire geographic area, support ongoing initiatives such as 14Forward and Better Way, and have membership on the SYHC and several committees. Sutter Yuba Behavioral Health leads the Homeless Engagement and Response

Team, linking people to the Coordinated Entry program and local shelter agencies.

Homeless Engagement And Resolution Team (HEART)

A multidisciplinary street outreach team consisting of a mental health therapist, an intervention counselor, a peer mentor and an outreach worker. The goal of the program is to engage and build relationships, connect people to services and ultimately to assist them to end their homelessness. HEART partners with local law enforcement and code enforcement during outreach activities.

Regional Health Providers

Regional health providers are important partners in addressing the needs of individuals living with serious mental illness who are homeless, chronically homeless, or at-risk of chronic homelessness. Adventist Health + Rideout, Ampla Health, Harmony Health and Peach Tree Health have been involved as partners in the regional strategic planning process and had representatives in attendance at the Sutter-Yuba Strategic Planning Community Alignment Session. A representative from Adventist Health + Rideout serves on the Board of the SYHC and leads a street nursing team to improve the health of people living outdoors and connect them to services.

Public Housing Authority

The Regional Housing Authority of Sutter, Nevada, Colusa, and Yuba Counties plays an important role in creating and increasing housing opportunities for people experiencing or at-risk of homelessness in Sutter, Nevada, Colusa, and Yuba Counties. The Regional Housing Authority offers Housing Choice Vouchers, Emergency Housing Vouchers, and income-based housing. They have adopted a general homeless preference to help increase accessibility to housing for persons experiencing homelessness. Additionally, the Housing Authority offers a Ready to Rent course at the region's Coordinated Entry access points, which provides clients with the opportunity to earn a certificate saying they are "ready to rent." The Regional Housing Authority is a partner in the regional strategic planning process and had a representative in attendance at the Sutter Yuba Strategic Planning Community Alignment Session.

Faith-Based Organizations

Faith-based organizations provide access to many basic needs for people in the Bi-County region, including food, clothing, and access to a safe place to stay. Hope Point Nazarene Church, The Salvation Army, and New Beginnings Wesleyan Church are some of the faith-based partners working with the SYHC to help inform regional strategic planning and coordination.

Education System Partners

Partners within the education system can help connect children and youth experiencing homelessness to the homeless system of care and provide valuable resources to support children and youth in achieving wellness and stability. Current partners in the regional strategic planning process have included representatives from early childhood education (E Center Head Start), local school districts (Sutter County Superintendent of Schools, Yuba City Unified School District, Marysville Joint Unified School District), local Boards of Education (Yuba County Office of Education), and county-led education-based initiatives (Yuba County First Five Commission).

Employment Providers

Both Yuba and Sutter County One Stop Workforce Centers are involved at the coordinated entry sites and are partners in ending homelessness in the region. The One Stop locations provide employment and training services to individuals who are unemployed, including those experiencing homelessness, which may include pre-employment classes, on-the-job training, occupational skills training, work experience, and job seeker assistance. Both county's One Stops are actively involved in linking people from shelters and day centers to employment.

Law Enforcement

Law enforcement officers are important partners in addressing homelessness, as they are often the first

point of contact for someone experiencing unsheltered homelessness and can provide an access point for connecting people in need to coordinated entry and community-based resources. For example, the Yuba and Sutter Counties' Sheriff's Departments, Yuba County Probation Department, Yuba City Police Department, Wheatland Police Department, Yuba County Victim Services, and Sutter County Victim Witness Assistance Program are all partners in the work to create a regional approach and initiatives to address homelessness through the strategic planning process. In addition, Yuba City Police now has two full-time Homeless Liaison Officers that work primarily with individuals experiencing homelessness and offer them resources and assistance. Local law enforcement works closely with the HEART team to ensure that persons experiencing chronic homelessness are linked to services to help them move towards housing stability.

Additionally, the Marysville Police Department is an important partner in regional efforts to decriminalize homelessness as they pilot Community Court for persons experiencing homelessness who interact with the criminal justice system. The Marysville Police Chief is the current president of the Sutter Yuba Homeless Consortium.

A current committee consisting of law enforcement, code enforcement, County health departments and outreach teams meets monthly to coordinate compassionate enforcement, review best practices and relevant legal actions, and develop regional practices for addressing encampments. This team brought legislation forward in 2020 to form a Bi-county homeless multi-disciplinary team. They also created a regional camping ordinance, a memorandum of understanding, and spearheaded an awareness campaign in 2021 to shed light on the work being done to address issues surrounding homelessness in Yuba Sutter.

Other Partners

Several other organizations and agencies that interact with persons experiencing homelessness including California Rural Legal Assistance, Inc. and Yuba-Sutter Economic Development Corporation who are involved partners in ending homeless in the Bi-County region, through their participation in the regional strategic planning process and their ongoing commitment to improving the lives of those who lack housing stability through access to services and resources.

Question 3

A description of specific actions the applicant will take to ensure racial and gender equity in service delivery, housing placements, and housing retention and changes to procurement or other means of affirming racial and ethnic groups that are overrepresented among residents experiencing homelessness have equitable access to housing and services.

Note: These actions should be aligned with the equity-focused Outcome Goals and related strategies described in previous Parts, but should not need to be limited to those strategies.

Question 3 Response

The majority (65%) of people experiencing homelessness in Sutter and Yuba Counties are non-Hispanic Caucasian. People of Hispanic ethnicity account for 13% of people experiencing homelessness. African Americans account for 7% of people experiencing homelessness, but only 3.3% of the general population in Yuba County and 2.1% of the general population in Sutter County. This means that African Americans are experiencing homelessness at a disproportionately high rate compared to other racial and ethnic groups in the Bi-County area.

Question 4

A description of how the applicant will make progress in preventing exits to homelessness from institutional settings, including plans to leverage funding from mainstream systems for evidence-based housing and

housing-based solutions to homelessness.

Note: Such mainstream systems could include:

- Physical and behavioral health care systems and managed care plan organizations
- Public health system
- Criminal legal system and system for supporting re-entry from incarceration
- Child welfare system
- Affordable housing funders and providers
- Income support programs
- Education system
- Workforce and employment systems
- Other social services and human services systems

Question 4 Response

One of the most significant challenges to addressing homelessness in the Bi-County region is the lack of affordable housing options for low-income and extremely low-income persons. There is also a need for more supportive services for persons experiencing chronic homelessness to attain the skills and habits required to successfully retain permanent housing. Funding for case managers or peer mentors is needed to build relationships of trust with people and help them make progress toward their goals, which should be continued once a housing situation is secured.

Question 5

Specific and quantifiable systems improvements that the applicant will take to improve the delivery of housing and services to people experiencing homelessness or at risk of homelessness, including, but not limited to, the following:

(I) Capacity building and workforce development for service providers within the jurisdiction, including removing barriers to contracting with culturally specific service providers and building the capacity of providers to administer culturally specific services.

(II) Strengthening the data quality of the recipient's Homeless Management Information System.

(III) Increasing capacity for pooling and aligning housing and services funding from existing, mainstream, and new funding.

(IV) Improving homeless point-in-time counts.

(V) Improving coordinated entry systems to strengthen coordinated entry systems to eliminate racial bias, to create a youths specific coordinated entry system or youth-specific coordinated entry access points, or to improve the coordinated entry assessment tool to ensure that it contemplates the specific needs of youth experiencing homelessness.

Question 5 Response

Temporary Shelter

14Forward, located in Marysville, launched in 2016 as a 25-unit tiny village of Tuff Sheds with supporting elements to provide temporary shelter to people experiencing homelessness in the Bi-County region. The project was undertaken by Yuba County, in collaboration with a number of local nonprofits, faith-based organizations, and representatives from the private sector to address the urgent shelter needs of individuals residing in encampments along the river.

As a temporary shelter, the goal of this program is to provide individuals experiencing homelessness with shelter and supportive services while they are assisted in moving into more permanent housing options. The county contracts with The Salvation Army for the day-to-day operation at the shelter. The Salvation Army brings necessary housing and stability services on-site for residents.

The Life Building Center, located in Marysville, is a coordinated entry site and provides a 25-bed shelter. The Life Building Center offers many programs that help support self-sufficiency, from medical services to education and casework.

Regional Emergency Shelter Team (REST), located in Yuba City, provides cold-weather shelter and warm meals to families, single women, and couples who are experiencing homeless in the Yuba-Sutter area. REST is an incorporated non-profit organization in 2010 and is supported by volunteers and assistance from multiple faith-based organizations. REST partners with the Hands of Hope Coordinated Entry site as a point of entry and release for overnight guests.

Casa de Esperanza is a domestic violence shelter for individuals and children fleeing domestic violence, sexual assault, stalking, dating violence, and human trafficking. The organization provides counseling and advocacy for adults and children. Staff assists with advocacy with other agencies and assistance with filing Domestic Violence Restraining Orders.

Other local shelters with supports include The Salvation Army Depot Family Crisis Center for families, couples, and single women with 66 beds, and Better Way, operated by Sutter County with 40 beds for single adults. Both Sutter and Yuba County administer the CalWORKs Temporary Homeless Assistance Programs, for up to 16 nights in a motel. They also administer motel vouchers for clients through programs such as the Housing Support Program, Housing and Disability Advocacy Program, Home Safe, and Bringing Families Home.

Permanent Housing

Harmony Village, located in Yuba City, was a motel purchased in 2020 by Habitat for Humanity Yuba/Sutter and converted into 62 units of permanent housing with supports for low-income individuals who are either homeless or precariously housed, with priority going to veterans, disabled and the elderly. On-site services are provided by Sutter County and community partners.

Prosperity Village, located in Marysville, was a motel purchased in 2021 by Habitat for Humanity Yuba/Sutter and provides 62 one-bedroom affordable housing units with a permanent supportive housing component similar to Harmony Village. On-site services are provided by Hands of Hope and other community partners.

New Haven is a No Place Like Home permanent supportive housing complex in Yuba City with 42 units for people experiencing chronic homelessness and/or severe mental health issues. Partners in this project include the Regional Housing Authority, Hands of Hope, Sutter Yuba Behavioral Health, and Telecare. An additional 41 units of PSH are being developed in Yuba County through a separate No Place Like Home project. Adjacent to those units, for families, will be a 108-unit apartment complex.

I.E.1. CAPACITY BUILDING AND WORKFORCE DEVELOPMENT

Both Yuba and Sutter County One Stop Workforce Centers are partners in ending homelessness in Sutter and Yuba Counties. The One Stop locations provide employment and training services to individuals who are unemployed, including those experiencing homelessness, which may include pre-employment classes,

on-the-job training, occupational skills training, work experience, and job seeker assistance.

I.E.2. STRENGTHENING DATA QUALITY IN HMIS

The SYHC HMIS tracks universal and program-specific data, changes to income (cash and non-cash benefits,) and living situation. All projects funded through the Continuum of Care are required to use HMIS. SYHC works to ensure that HMIS tracks data that is acquired by the HEART Team and through Coordinated Entry access points. The Coordinated Entry System uses HMIS to aggregate data about the vulnerability and needs of clients who are or may be experiencing homelessness, the housing needs and preferences of each client, and notes from each client's case conferences, ensuring the widest possible range of clients are tracked in the system, and gathering reliable information about progress toward providing housing for all residents experiencing homelessness. HMIS is a critical part of the system in place to collect the data needed for the reports required by funders.

I.E.3. INCREASING CAPACITY FOR POOLING AND ALIGNING HOUSING AND SERVICES FUNDING

The Sutter Yuba CoC, Sutter County, and Yuba County have a long history of Bi-County coordination and funding alignment. Examples of Bi-County coordinated services can be found in this document in section I.B. Partnerships.

Funds and services have been continually pooled in previous years. The work that has been done through collaboration of SYHC, Sutter County and Yuba County, along with Habitat for Humanity, The Salvation Army, Adventist Health + Rideout, Hands of Hope, and many others, continues to promote alignment and capacity building within the regional homeless services delivery system. For this reason, the Counties and SYHC jointly applied for HHAP 3 funding to foster the creation of a Bi-County project to reduce homelessness.

I.E.4. IMPROVING HOMELESS POINT-IN-TIME COUNTS

The SYHC is responsible for conducting the Point in Time (PIT) count throughout Sutter and Yuba Counties. A full PIT count of both sheltered and unsheltered individuals experiencing homelessness is normally conducted every other year in January, and a sheltered only count is conducted annually. Due to the COVID-19 pandemic, the most recent full sheltered and unsheltered PIT count was conducted in 2019. At this time, it is anticipated that a full PIT will be completed in January 2023. Persons with lived experience of homelessness attending two workshops held as a part of the outreach for this plan indicated that for a count to be successful, census takers need to walk through the riverbottoms, parks, around the Walmart, near the Casino and along 14th street in Marysville. They noted that it would help if sites could be set up to distribute food and hygiene items on a regular basis. This would bring people in for the count.

I.E.5. STRENGTHENING COORDINATED ENTRY SYSTEMS

The SYHC has developed a comprehensive and consistent Coordinated Entry system (CE) for the entire geographic area of Sutter and Yuba Counties, in alignment with HUD and State of California Department of Housing and Community Development (HCD) guidelines. The primary goals of CE are to allocate assistance as effectively as possible and to be easily accessible to persons experiencing homelessness.

System Entry

To ensure accessibility to households in need, CE provides access to services from multiple, convenient physical locations. Households in need may initiate a request for services in person through a designated Coordinated Entry location or by phone via the Counties' hotline phone numbers:

- Yuba Homeless Hotline: (530) 749-6811
- Sutter Homeless Hotline: (530) 822-5999
- Life Building Center, 131 F Street, Marysville
- Hands of Hope, 909 Spiva St., Yuba City

Physical Coordinated Entry locations are ADA accessible and near public transportation.

For those individuals who have barriers in accessing the system in traditional methods, HEART conducts outreach and enters people living outdoors directly into CE to ensure fair and equal access to shelter and housing resources.

Assessment

The local Coordinated Entry Committee worked with social workers to develop a localized assessment tool that meets HUD requirements and to ensure that clients' needs and vulnerability are assessed in a uniform manner throughout the CoC. The tool undergoes regular evaluation and revision by a committee that includes a public health epidemiologist, outreach workers, management from the two county's Public Health departments, and the Executive Director of Hands of Hope. Revisions are reviewed by all line staff at participating agencies doing assessments to address uniformity of administration and coding and each individual program's needs.

Assessors have the option of completing the assessment directly into the Homeless Management Information System (HMIS) system (which is strongly encouraged) or administering a paper version to be entered into HMIS later, depending on the logistics of the agency's operation. Data collected on paper is entered into HMIS within three (3) business days. Entry into HMIS automatically enters the household onto a by-name list.

Prioritization

Clients are prioritized for housing/services within the CoC, based on factors agreed upon by the community. Priority for housing and services in the Sutter Yuba CE system currently includes: (1) length of time homeless and (2) vulnerability risks: chronic illness, age, domestic violence, substance use, mental illness, and lack of income.

Matching

Case Management: Information gathered from the assessment is used to determine which level of case management intervention is best suited to end the household's homelessness. Scoring from the Assessment Tool matches households to a level of case management intervention and is reflected by the household's positioning on the by-name list. Case management is offered by Sutter County Health and Human Services, Yuba County Health and Human Services, or Hands of Hope. Services are person centered and it is recognized that the initial match may not be appropriate for the household.

Housing/Services: Case Management meetings are held weekly to discuss client needs and make matches to appropriate housing and service interventions. Participants include: 14Forward, HSP, The Salvation Army, Better Way, Casa de Esperanza, Bridges to Housing and REST.

Note: Rapid Re-Housing programs don't typically have the ability to immediately house clients and temporarily utilize the shelter system. Upon identifying a case management intervention, the case manager works closely with the household to remove housing barriers. Case managers use an "all hands-on deck" approach to contact clients matched to their programs.

Placement

Individuals are referred directly to shelters as beds become available. Shelter Case Management staff immediately begin working with clients to become "document-ready" for Rapid Re-Housing programs and Housing Navigation services. Rapid Re-Housing and other permanent Housing referrals are based on the By-Name List, prioritizing the highest need households.

Question 6

Evidence of connection with the local homeless Coordinated Entry System.

Question 6 Response

All individuals in the Sutter Yuba geographic area have fair and equal access to CE, regardless of where or how they present for services. Marketing strategies include direct outreach to people experiencing street homelessness, businesses, and other service sites, informational flyers left at service sites and public locations, announcements during Sutter and/or Yuba County meetings, and educating mainstream providers. Entry points are accessible to people with disabilities and there are methods by which people can access these entry points. The CE system can serve people who speak languages commonly spoken

in the community, including Spanish and Hmong. Sutter and Yuba Counties' Health and Human Services Agencies have bilingual caseworkers in the region's threshold languages.

CE includes all subpopulations, including people meeting the definition of Chronic Homelessness, Veterans, families, youth, disabilities, survivors of domestic violence, and people with significant health and/or mental health concerns. CE is available to all eligible persons regardless of race, color, national origin, religion, sex, age, familial status, disability, actual or perceived sexual orientation, gender identity, or marital status. The SYHC continuously evaluates and improves the process, ensuring that all subpopulations are served.

Certification

I certify that all information included in this Application is true and accurate to the best of my knowledge.

Yes

Table 4. Outcome Goals

Outcome Goal #1a: Reducing the number of persons experiencing homelessness.		
Baseline Data: Annual estimate of number of people accessing services who are experiencing homelessness	Outcome Goals July 1, 2021 - June 30, 2024	
	Decrease/Increase in # of People	Decrease/Increase as % Change from Baseline
721	685	-5%
Optional Comments		
Describe Your Related Goals for Underserved Populations and Populations Disproportionately Impacted by Homelessness		
Describe any underserved and/ or disproportionately impacted population(s) that your community will especially focus on related to this Outcome Goal and how this focus has been informed by data in your landscape assessment:	Describe the trackable data goal(s) related to this Outcome Goal:	
Based on the HUD CoC Analysis Tool, Multi-racial youth experience homelessness at a higher rate than their representation in the total population. Data indicates 30% of homeless youth under age 25 identify as multi-racial compared to census data reporting that 17% youth under age 25 are multi-racial.	<p><i>Note: Meeting the trackable data goals for the underserved populations is not required for eligibility for Bonus Funds</i></p> <p>CoC Youth funding will be targeted at multi-racial youth. Case management and services providers will work with multi-racial youth experiencing homelessness to address the underlying reasons for this disparity.</p>	

Outcome Goal #1b: Reducing the number of persons experiencing homelessness on a daily basis		
Baseline Data: Daily Estimate of # of people experiencing unsheltered homelessness	Outcome Goals July 1, 2021 - June 30, 2024	
	Reduction in # of People	Reduction as % Change from Baseline
519	500	-4%
Optional Comments		
Describe Your Related Goals for Underserved Populations and Populations Disproportionately Impacted by Homelessness		
Describe any underserved and/ or disproportionately impacted population(s) that your community will especially focus on related to this Outcome Goal and how this focus has been informed by data in your landscape assessment:	Describe the trackable data goal(s) related to this Outcome Goal:	
Based on the HUD CoC Analysis Tool, Multi-racial youth experience unsheltered homelessness at a higher rate than average. The average rate of unsheltered homelessness for youth is 36% compared to 85% for multi-racial youth.	<i>Note: Meeting the trackable data goals for the underserved populations is not required for eligibility for Bonus Funds.</i> Reduce the number of unsheltered homelessness for youth to demographically representational levels.	

Outcome Goal #2: Reducing the number of persons who become homeless for the first time.		
Baseline Data:	Outcome Goals July 1, 2021 - June 30, 2024	
Annual Estimate of # of people who become homeless for the first time	Reduction in # of People	Reduction as % Change from Baseline
1087	722	-34%
Optional Comments		
Describe Your Related Goals for Underserved Populations and Populations Disproportionately Impacted by Homelessness		
Describe any underserved and/ or disproportionately impacted population(s) that your community will especially focus on related to this Outcome Goal and how this focus has been informed by data in your landscape assessment:	Describe the trackable data goal(s) related to this Outcome Goal: <i>Note: Meeting the trackable data goals for the underserved populations is not required for eligibility for Bonus Funds.</i>	
2020 data disaggregated by race and ethnicity is not available for this metric. Based on the HUD CoC Analysis Tool, multi-racial persons and Black/African American individuals experience homelessness at twice the rate of their representation in the total population. Data indicates that 24% of persons experiencing homelessness are multi-racial compared to census data reporting that 12% of the total population are multi-racial; 9% of persons experiencing homelessness are Black compared to 3% of the total population. The Consortium will identify strategies to focus prevention measures on at-risk multi-racial and Black individuals and families to reduce the likelihood that these individuals will experience first time homelessness.	HDIS data will be available for 2021, 2022 and future years. This will provide trackable data for racial and ethnic characteristics for persons experiencing first time homelessness.	

Outcome Goal #3: Increasing the number of people exiting homelessness into permanent housing.		
Baseline Data:	Outcome Goals July 1, 2021 - June 30, 2024	
Annual Estimate of # of people exiting homelessness into permanent housing	Increase in # of People	Increase as % Change from Baseline
644	805	25%
Optional Comments		
Describe Your Related Goals for Underserved Populations and Populations Disproportionately Impacted by Homelessness		
Describe any underserved and/ or disproportionately impacted population(s) that your community will especially focus on related to this Outcome Goal and how this focus has been informed by data in your landscape assessment:	Describe the trackable data goal(s) related to this Outcome Goal:	
Based on StellaP from 10/1/20 - 9/30/21, White Hispanic persons account for 18% of the total homeless population, but only represent 4% of those entered into shelter (including RHH, PH, ES, TH.)	<i>Note: Meeting the trackable data goals for the underserved populations is not required for eligibility for Bonus Funds.</i> Identify discrepancies in White Hispanic persons not being able to access and add 1 Spanish speaking case manager to offer assistance to the White Hispanic population.	

Outcome Goal #4: Reducing the length of time persons remain homeless.		
Baseline Data: Average length of time (in # of days) persons enrolled in street outreach, emergency shelter, transitional housing, safehaven projects and time prior to move-in for persons enrolled in rapid rehousing and permanent housing programs"	Outcome Goals July 1, 2021 - June 30, 2024	
	Decrease in Average # of Days	Decrease as % Change from Baseline
101	90	-11%

American Indian/Alaskan/Indigenous, Multi-racial and Hispanic individuals show significantly fewer days homeless in the system, but significantly more self-reported days than other race/ethnicities.	Identify reasons for discrepancy in reported and self-reported days homeless, amend data to be as consistent as possible, work with minority populations to reduce days persons are homeless in the system.	

Outcome Goal #5: Reducing the number of persons who return to homelessness after exiting homelessness to permanent housing.		
Baseline Data:	Outcome Goals July 1, 2021 - June 30, 2024	
% of people who return to homelessness after having exited homelessness to permanent housing	Decrease in % of People who return to Homelessness	Decrease as % Change from Baseline
13%	13%	0
Optional Comments		
Describe Your Related Goals for Underserved Populations and Populations Disproportionately Impacted by Homelessness		
Describe any underserved and/ or disproportionately impacted population(s) that your community will especially focus on related to this Outcome Goal and how this focus has been informed by data in your landscape assessment:	Describe the trackable data goal(s) related to this Outcome Goal:	
In general, we expect to see an increase in homelessness in our community and the need for permanent housing. We do not possess consistent baseline data to determine which minorities are most impacted by returning to homelessness after permanent housing.	<i>Note: Meeting the trackable data goals for the underserved populations is not required for eligibility for Bonus Funds</i> Our broader strategy is to maintain the current levels of persons remaining in permanent housing. Service providers will outreach to historically over-represented populations in our community (Hispanic and African American) with post-placement services and support.	

Outcome Goal #6: Increasing successful placements from street outreach.		
Baseline Data:	Outcome Goals July 1, 2021 - June 30, 2024	
Annual # of people served in street outreach projects who exit to emergency shelter, safe haven, transitional housing, or permanent housing destinations.	Increase in # of People Successfully Placed from Street Outreach	Increase as % of Baseline
46	60	30%

Describe Your Related Goals for Underserved Populations and Populations Disproportionately Impacted by Homelessness		
Describe any underserved and/ or disproportionately impacted population(s) that your community will especially focus on related to this Outcome Goal and how this focus has been informed by data in your landscape assessment:	Describe the trackable data goal(s) related to this Outcome Goal:	
Race and ethnicity data for placements from street outreach is not available. Based on the HUD CoC Analysis Tool, multi-racial youth experience unsheltered homelessness at a higher rate than average. The average rate of unsheltered homelessness for youth is 36% compared to 85% for multi-racial youth. The Analysis Tool also indicates that Black adults represent 9% of persons experiencing homelessness, but 17% of persons experiencing unsheltered homelessness. Strategies to encourage Blacks experiencing unsheltered homelessness to access shelter or permanent housing will be developed.	<i>Note: Meeting the trackable data goals for the underserved populations is not required for eligibility for Bonus Funds.</i> Race and ethnicity data for 2021, 2022 and future years will be available in HDIS.	

Table 5. Strategies to Achieve Outcome Goals

Strategy	Performance Measure to Be Impacted (Check all that apply)
<p>Description - Expand Housing Options for People Experiencing Homelessness</p> <p>Expand Homeless Prevention for New and At-Risk Homeless and Reduce Returns to Homelessness</p> <p>1.1 Limit first-time homelessness by decreasing evictions: Integrate Prevention/Diversion into the Coordinated Entry System. Target prevention assistance to those most at risk of eviction. Implement best practices in prevention/diversion programs. Create connections with landlords to encourage alternatives to eviction. Educate residents at risk of eviction of rights and resources available.</p> <p>1.2 Prevent returns to homelessness: Provide wrap-around support with every housing placement. Increase and improve access to behavioral health/substance use treatment and services. Develop mechanisms to increase income and reduce expenses for households.</p>	<p>1. Reducing the number of persons experiencing homelessness.</p> <p>2. Reducing the number of persons who become homeless for the first time.</p> <p>5. Reducing the number of persons who return to homelessness after exiting homelessness to permanent housing.</p>
<p>Timeframe</p>	
<p>June 30 2022 - July 1, 2026</p>	
<p>Entities with Lead Responsibilities</p>	
<p>Sutter Yuba Homeless Consortium, County of Yuba, County of Sutter</p>	
<p>Measurable Targets</p>	
<p>1.1 Fully integrate Prevention/Diversion into the Coordinated Entry System by 2024. Increase the number of people entering the homeless services delivery system annually by 5%.</p>	
<p>1.2 Stabilize the increasing number of people who return to homelessness within 12 months of exiting to permanent housing by 6/30/24</p>	

Strategy	Performance Measure to Be Impacted (Check all that apply)
<p>Description</p> <p>Expand capacity to provide support services to prevent returns to homelessness by people who have exited from homelessness to permanent housing. Provide direct tenancy support services and/or training for providers to support clients with housing locations and completing applications and housing retention services. Services will be including crisis intervention, health and safety visits, independent living skills development, unit habitability inspections, and resolving disputes with landlords.</p> <p>2.2 Expand temporary housing options: Expand temporary housing options to help people who are at-risk of homelessness stabilize in housing. This can include training to implement CoC standards for homeless prevention, conflict resolution training, and flexible funding to address urgent needs.</p> <p>2.3 Expanding Coordinated Entry capacity Expand the capacity at Coordinated Entry sites.</p>	<ol style="list-style-type: none"> 1. Reducing the number of persons experiencing homelessness. 2. Reducing the number of persons who become homeless for the first time. 3. Increasing the number of people exiting homelessness into permanent housing. 4. Reducing the length of time persons remain homeless. 5. Reducing the number of persons who return to homelessness after exiting homelessness to permanent housing. 6. Increasing successful placements from street outreach 7. Focused on equity goals related to underserved populations and populations disproportionately impacted by homelessness.
<p>Timeframe</p>	
<p>June 30 2022 - July 1, 2026</p>	
<p>Entities with Lead Responsibilities</p>	
<p>Sutter Yuba Homeless Consortium, County of Yuba, County of Sutter</p>	
<p>Measurable Targets</p>	
<p>2.1 Increase the number of available permanent supportive housing units by 20%.</p>	
<p>2.2 Increase the number of available shelter beds by 5%.</p>	
<p>2.3 Increase Coordinated Entry operations by 5%.</p>	

Strategy	Performance Measure to Be Impacted (Check all that apply)
Description - Expand Community Engagement	1. Reducing the number of persons experiencing homelessness. 2. Reducing the number of persons who become homeless for the first time. 3. Increasing the number of people exiting homelessness into permanent housing. 4. Reducing the length of time persons remain homeless. 5. Reducing the number of persons who return to homelessness after exiting homelessness to permanent housing. 6. Increasing successful placements from street outreach
3.1 Expand and improve outreach efforts: Outreach to persons precariously housed, at-risk of homelessness or experiencing homelessness. Engage persons with lived-experience in developing outreach strategies. Target the hardest to reach population. 3.2 Build local community engagement: Engage community members interested in reducing the effects of homelessness. Expand visible campaigns through social media, radio, and other platforms. Expand opportunities for the local population to be involved in addressing homelessness.	
Timeframe	
June 30 2022 - July 1, 2026	
Entities with Lead Responsibilities	
Sutter Yuba Homeless Consortium, County of Yuba, County of Sutter	
Measurable Targets	
3.1 Increase the number of persons placed in shelter beds from street outreach by 10% by 2024. 3.2 Conduct at least 3 community events to inform and engage the community by 2024. Increase the number of individuals and community groups participating in the resolution of homelessness by 2024.	

Table 6. Funding Plans

Activity to be funded by HHAP 3 <i>(choose from drop down options)</i>	Eligible Use Categories Used to Fund Activity										Total Funds Requested:	Description of Activity
	1. Rapid rehousing	2. Operating subsidies	3. Street outreach	4. Services coordination	5. Systems support	6. Delivery of permanent housing	7. Prevention and diversion	8. Interim sheltering (new and existing)	9. Shelter improvements to lower barriers and increase privacy	10. Administrative (up to 7%)
