I. Call to Order, Tribal Land Acknowledgement, and Roll Call

Tribal Land Acknowledgement

We wish to acknowledge that Sacramento is the unceded homeland of the Southern Maidu, Valley and Plains Miwok, the Nisenan people, the Patwin Wintun people, and members of the Wilton Rancheria Tribe, who have inhabited this landscape since time immemorial.

We extend our gratitude to the ancestors of all California Native American Tribes and their descendants, as we recognize that wherever we are joining from in our virtual community, we are all on California Native American land.

Recovery Housing Guidance Update

Housing First

Housing First is an evidence-based strategy for addressing homelessness where housing is the foundation for health, recovery, and overall, well being

- Provide stability to those who have been unable to access housing
- Provide choice for services that meet participant's needs
- Prevent returns to homelessness

Housing First is not Housing Only

Core Components of CA Law

Full Statute Language: WIC Section 8255(b)

- 1. **No requirements** for sobriety, treatment, or service participation to be selected for a program.
- 2. No rejections for financial or rental history, most criminal convictions, or lack of "housing readiness."
- 3. Accept referrals from all areas of the homelessness response system utilized by vulnerable people experiencing homelessness.
- 4. Service plans are **participant-driven** and supportive services emphasize engagement and problem solving.
- 5. No requirement to participate in services in order to receive or retain housing.

- 6. Participants provided a lease in permanent housing. Not required for participants in temporary housing settings.
- 7. No evictions solely for drug or alcohol use, without other lease violations.
- 8. Use coordinated entry system or process to prioritize people based on vulnerability criteria.
- Providers are trained in and use evidencedbased practices.
- 10. Services **use harm-reduction philosophy** to engage with participants.
- 11. **Physical changes** in units accommodate disabilities and promote health.

Recovery Housing

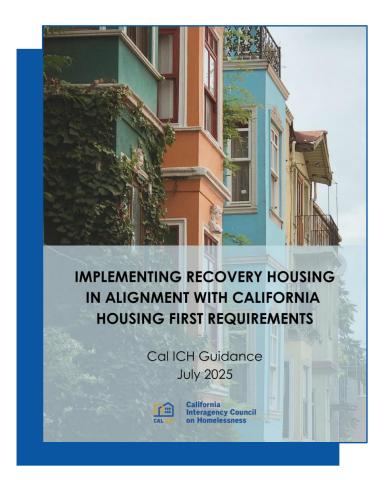

Recovery Housing:

Sober living facilities and programs that provide housing in a recovery-focused and peer-supported community for people recovering from substance use issues

Solutions to address homelessness are not one-size-fits-all

- The homelessness response system must be equipped to support people in their recovery journey
- Unless court ordered, people must be able to choose to recover in sober living settings

Recovery Housing Guidance

SUMMARY: RECOVERY HOUSING PROGRAM GUIDANCE

The California Interagency Council on Homelessness (Cal ICH) Recovery Housing Program Guidance supports system leaders and program administrators operating state-funded Recovery Housing Programs (RHPs) in aligning with California's Housing First requirements. It ensures that state-funded RHPs honor participant choice, reduce barriers, and provide voluntary, person-centered recovery services—while upholding housing stability.

Recovery Housing Programs can align with Housing First—and when using state funds, they must.

These key principles offer a roadmap for Recovery Housing Programs serving people experiencing homelessness as they navigate the path to recovery and stable housing:

- Alignment with Housing First: RHPs must meet the 11 core components of Housing First, including low-barrier access, voluntary services, tenant rights, and equitable screening and referral policies.
- Person-Centered Care & Harm Reduction: RHPs ensure participants are at the center
 of their service plans and are referred to the housing and services options that meet
 their needs. RHPs must accommodate the use of medication-assisted treatment
 (MAT) and incorporate evidence-based practices such as motivational interviewing
 and trauma-informed care.
- Participant Choice: Entry into RHPs must be voluntary (unless court-ordered).
 Programs must offer alternative housing options for individuals who decline or exit recovery housing.
- No Eviction for Relapse: Programs cannot remove participants solely for substance use. Instead, relapse support should be offered and transitions to other appropriate housing facilitated when necessary.

Key Principles of Guidance

1. Participant Choice

- ✓ Entry must be voluntary.
- ✓ People must be offered access to other housing options if they decline or exit.

2. Person-Centered Care and Harm Reduction

- ✓ Programs must tailor services to participant goals.
- ✓ Must accommodate Medication-Assisted Treatment (MAT).
- ✓ Use motivational interviewing, trauma informed approaches, and peer support.

3. No Eviction for Relapse

- ✓ Relapse ≠ removal. Providers offer relapse support and link to other housing if needed.
- ✓ Exits to homelessness must be extremely rare.

4. Accountability with Compassion

✓ Programs support overall wellbeing and do all they can to support participants to reach their goals.

Best Practices

System-Level:

Include a variety of housing settings

- ✓ Create connections and networks between recovery settings and other settings
- ✓ Create or expand an online technical assistance for providers
- ✓ Align system goals and priorities of funding agencies

Program Level:

A participant's needs must be at the center of the decisions

- ✓ Inform staff and participants of program policies
- ✓ Evaluate program effectiveness
- ✓ Promote equity and ensure cultural competence

AB 799 Update

Assembly Bill 799 Overview

AB 799 includes the requirement for Cal ICH to:

- Add the Governor's Tribal Advisor to the Council
- Develop and maintain a strategic funding guide and statewide calendar of funding opportunities
- Collect outcome and fiscal data from state agencies and departments administering state homelessness programs
 - Submission required by Feb 1, 2027
- Make the outcomes data publicly available on or before June 1, 2027, and annually thereafter

IX. Working Groups

 Strategic review, gaps analysis and recommendations

Working Groups: In Statute and Best Practice

In Statute

CA WIC § 8257 (e) "Within existing funding, the council <u>may</u> establish working groups, task forces, or other structures from within its membership or with outside members to assist it in its work. Working groups, task forces, or other structures established by the council shall determine their own meeting schedules."

Cal ICH Considerations for Creating Groups

- ✓ Established for a defined issue or deliverable, through Council or Executive Officer
- ✓Time-limited, with clear objectives and end dates
- ✓ **Dissolved** once objectives are achieved

Working Groups: Where We Are

- All groups on pause since August 2025
 - What we found:
 - These groups operated independently of one another
 - Were not chartered by the Council, and therefore could not advise or direct work
 - Many of the focus areas are being advanced through other statewide initiatives and coordination efforts

Working Groups: Where We're Going

Council-established

- Created by Council vote or motion, dependent on available resources
- Subject to Bagley-Keene and open to the public
- Charged with advising or informing Council on a specific action area*

Executive Officer-established

- Created by Executive Officer, still dependent on available resources
- Closed (non-public) and focused on implementation or statutory work
- Formed only when a clear gap or unmet need exists
